

## Tekniset tiedot

|                  |                                                       |
|------------------|-------------------------------------------------------|
| Toiminto         | Jännitteellisenä lukossa (fail safe)                  |
| Asennus          | Uppoasennus                                           |
| Mitat            | 200 x 28 x 36 mm                                      |
| Rintalevy        | 88 x 24 x 2 mm                                        |
| Telki            | Ø12.5mm, pituus 15mm                                  |
| Käyttöjännite    | 12VDC ±10%                                            |
| Virta            | Lukittuessa 1.3A Toiminnassa 140mA                    |
| Pitovoima        | 800kg                                                 |
| Säädettävä viive | 0, 3, 6 sekuntia                                      |
| Releulostulo     | Oven tilatieto NC/NO/COM<br>Lukon tilatieto NC/NO/COM |
| Paino            | 0.72kg                                                |
